Native plants improve our water quality, reduce soil and wind erosion, clean the air, reduce energy costs, attract and support local wildlife, and enhance your property!

Plant Sale Volunteering

Each year we count on a team of intrepid volunteers to sort, bundle, and pack our plant sale pre orders. No plant knowledge necessary, but this is a great opportunity to learn more about native plants and to meet other plant enthusiasts! Volunteers who have placed orders get to take them home early, AND volunteers receive a plant gift for their service. Interested? Complete and submit the volunteer sign-up form located at: www.whidbeycd.org/native-plant-sale/
