

# Paint Your Landscape

## WITH NATIVE PLANTS

Be inspired by Whidbey's natural spaces, and join us for an informative FREE workshop about using & identifying native plants in your yard or landscape. The session will include an easy outdoor walk where you will learn about:

- *Native plant varieties of Whidbey Island.*
- *Selecting a group of plants that is in harmony with your goals and the specific characteristics of your site.*
- *How to plant and care for new plants.*

The WICD **Annual Native Bare-root Plant Sale** begins taking orders **November 1st**. At the workshop, we will have detailed information about the plants offered through our sale, and there will be time for your questions.

More info available at [www.whidbeycd.org](http://www.whidbeycd.org), or contact Sandy or Kelsi at WICD - (888)-678-4922.

*"Create Your Perfect Plant Palette"*  
with WICD 's Kelsi Mottet

**Sat., Nov. 4, 2017**
