### Useful information for islanders

If you don't see the restaurant, grocery store or farm you are interested in on the list below, go to their website or Facebook page to find out information. Also, let us know. We will update the list with the new information.

Governor Inslee has added some new restrictions to the state as follows:

*The "Stay at Home" order has now been extended to May 4, 2020.*

*Restaurants will be allowed to provide take-out and delivery services but no in-person dining will be permitted. The ban will not apply to grocery stores and pharmacies.*
